

Provisur Academy of Learning  
Customer Learning Portal

Build a Well-Trained Team  
Increase Uptime and Productivity  
Extend Equipment Life

## Drive Success with Three Tiers of Training

As a Provisur customer, you can choose from three tiers of comprehensive training through the Provisur Academy of Learning (PAL) Customer Learning Portal: Blue, Silver, and Gold. Each tier includes courses, live webinars, and how-to videos to ensure maximum value from your investment. In fact, proper training can save you thousands of dollars in needless repairs and shortened machine life. Your team will also gain a deeper understanding of innovative features, which can boost your productivity, quality and competitive edge.

- Three tiers for different business needs and users
- eLearning for the machine you own — self-paced courses, live webinars, and step-by-step how-to videos
- Content on installation, operations, applications, maintenance, and sanitation
- Covers a wide range of equipment, with more being added
- English only with more languages to come
