

Optimizes grinding
Eliminates separate equipment
Lowers total cost of ownership

Weiler® Dominator Max™

Reclaim your profits and yield

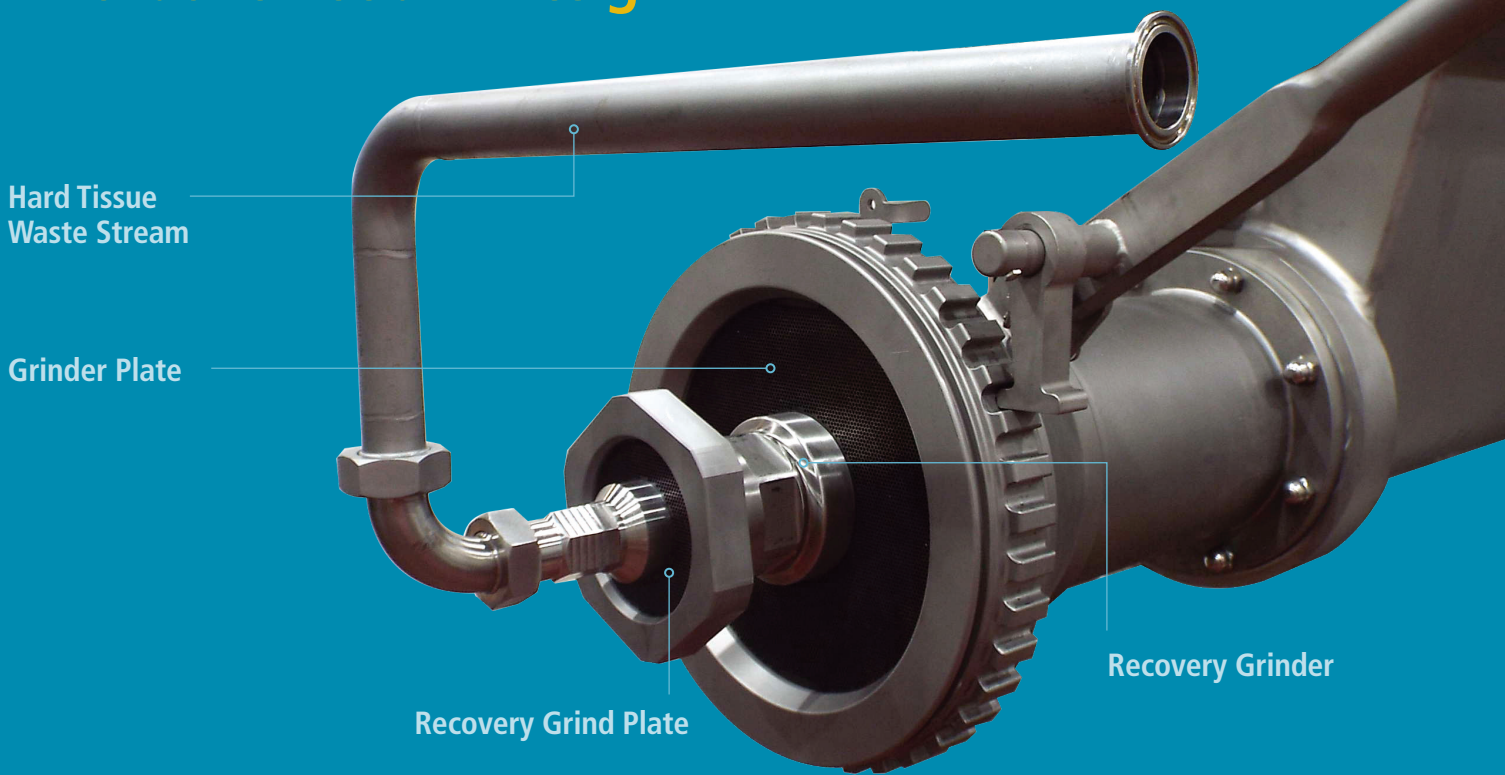

With the Dominator Max inline reclaim system from Provisur, it's easy to get more meat out of your grind operation. Just attach the Dominator Max™ components to your existing 11" or 14" Weiler® fine grinder and reclaim meat rejected during the hard tissue collection process. Enjoy the high performance of Weiler's renowned quality and durability.

- Reclaim up to 99.5% of good product going into the waste stream
- No separate equipment to operate and maintain — capital savings of >70%
- Uses the grinder's power with no extra, bulky drives
- Easy to assemble with foolproof adjustment as well as the industry leading Weiler knifeholder and blade assembly
- Ideal for any size processor, from thousands to millions of pounds/week
